We look forward to seeing you.

The last month of the year is full of big holidays including Christmas, Hanukkah, and Kwanzaa, which bring families together to celebrate their faith and culture. Throughout these weeks are also plenty of other important and fun observances that make December a truly special month. ***Happy Holidays to all!***

December 21<sup>st</sup> celebrate Winter **Solstice**, which marks the day with the shortest period of daylight and the longest night of the year (in the Northern Hemisphere), all thanks to the tilt of the earth. In many cultures, the day is a day of feasting and celebration. Many celebrate because after the 21<sup>st</sup>, you'll see gradually shorter nights and longer days, which means you can look forward to the emergence of spring.

***They who sing through the summer must dance in the winter.***
